To working of Interest for any Odd time out
1 ~~left~~ to bring your sum into Pence and
To find your Quantity of Days
2 To multiply the Pence by the Days
3 To Divide by 6083 a day
4 To Divide by 12 and by 20
5 and your Question is answered

3 3 3 3 3

To working of Interest

A Voyage

A Journal of a Voyage from Jonathan Marchant
to Richmond in Virginia in the sloop Two Peters
A Blessing Commenced in the Year of 1796 April the 9

April the 9 Begins Light Airs and Varible at N.E. from the wind
Sunday 10 Sunday Cleared out Latter Part the wind
Brisk at 2 P.M. Made sail and Came down the
river as far as Newport then run in along side
of the wharf at 7 P.M. set all our sails up
~~the sails~~ at 9 P.M. Came out at Good Block
Island Bore S.E. Distance 2 Miles

H	Fr	Mi	Courses	Winds	Transactions on the 11th April 1796 Monday
2	0		~~South~~	~~W.S.W.~~	Begins a Moderate breze from the E.S.E. to the
4					North and Cloudy saw several hum back whales
6					middle Part more moderate winds and
8	3		South	W.S.W.	the weather more Clear
10	1	1	S.S.W.	W.S.W.	Latter Part a Squall of snow attended and
12	2				the weather thick which Caused us to see at
2	3		S.W.	S.W.W.	C. Rich moderate and Clear Lat there past
4	3				saw two sail one of which we spoke with from
6	3				St Kits 22 Days out had the wind more
8	3		S.W.b.W.	S.W.	favourable but a bad South from the
10	3				West Lat By Observation 40° 09' N
12	3		S.W.	S.W.	
			By Cours	D.S.W.	D.S.W. D.Lat. 48 D.Long. 48 Lat in 40° 09 Long D. W. 2° 25' W.
