Dear Cousin Frank.

Your kind favour written on the 12th ultimo reached Mrs Elder on the 25th it was perused with pleasure. Thank you for the Sunday Herald sent some time since. The letter you spoke of writing early in May never reached me at all, although I waited anxiously for a reply. As to being married, I made up my mind before the letter reached you, and have only to say this much, that I have never regretted the decision yet, for I have a pleasant home, though an humble one only 12 miles from my old home, in a fine neighborhood, and as kind a husband as any woman in the world
