Cambridge Septr 8th 1867.

To Jno. F. Dent Esq

My dear Sir.

I am applying to the Gov. thro' my friends in the State for the appointment of Commissioner of the Land Office, and would be exceeding obliged, (if not otherwise committed) if you write to him urging my claim.

For the first time in my life, it becomes necessary for me to ask place to enable me to live, as the whole of my property was lost to me by the war. And any influence you can bring to bear in my behalf will I know be reciprocated by my many friends on this shore. As the time is short, it is necessary that my endorsement should be forwarded as soon as possible –

Believe me very truly yours
R. T. Goldsborough
