I wanted to say to you, as you doubtless have learned - that I am being urged by numerous friends - for the nomination of Clerk to the Court of Appeals by our State Convention which meets in Baltimore, Wednesday the 9th day October next.

I know it is not inconsistent with your personal regard for me, - and if it may not militate against your own interests, - and I trust it cannot - I will be only too glad to have your friendly aid in my behalf.

With the very kindest wishes, sincerest friendship can dictate I am yours

Milton S. Reid
