RAY CONSOLIDATED COPPER COMPANY
HAYDEN, ARIZONA

D.C.JACKLING
VICE PRESIDENT & MANAGING DIRECTOR
L.S.CATES
GENERAL MANAGER

company is just starting plans to build a new 5000 Ton mill besides they are going to Enlarge the Capacity of the old 10,000 Ton mill and this will nathually cause many more men to be taken on and should make my chances better for advancement. We are now concentrating 10,000 tons of ore, ~~now~~ which yields 2% copper on the average. which is 200 tons of Copper turned out Each day.

There isnt any news to write. Lots of little parties etc going on around town but I have passed them up because I didnt want to go.

I am going up to Phoenix in
