many ways and have made quite a reputation within my own little regiment as an officer and can get almost anything I'd ask for from my Colonel but am sick of trying to keep the battery going on half strength men and twice the authorized strength in horses & carriages.

Tried to get a picture taken of the battery on the road a few days ago and could only get half of it taken because I didn't have enough men to ride lead or drive the animals & carriages.

I withdrew my request for a commission and
