Dear Will

Dear Uncle Frank,

As Louis Combs is going to Town to day, he will take my report which I hope will be alright. I don't like to write to Mr Thomas, for I am afraid I won't do it right, nor do I know how much I will get, but if I get $7500 you have my consent to keep $2500 which I hope will more than settle the bill & the ballance you can keep until I need it will that do? I need books for my school, shall I don't know how to proceed to get them my school has never been graded. I read it but wish very much Mr Thomas would pay us a visit. I was much alarmed to hear of Bettie's illness & hope she is better & there is no danger that Lucy & Geo will catch it? I hope little Francis is well & the rest of the neighbors are better. Tell Martha I will answer her letter very soon. If you are very busy, just send me word how the family are. And give my love to them. I am in a great hurry as Louis is waiting
