forward to me as soon as possible the names of active and earnest friends of revenue reform, at least one for each town or township in your county, who will aid in distributing documents if forwarded to them from Washington. As none will be forwarded of a partisan nature, or assailing any political organization, it would be proper to invite the cooperation, and to send the names, of men of both parties, who will help to bring about a more thorough understanding of this important question. It may be useful, however, to distinguish the party preference of those whose names you send.

A prompt reply will hasten the completion of lists, upon which documents may be forwarded to you and those whom you may designate as willing to aid in the work. Please address reply to

Yours Respectfully

Wm. Grossmann
No 1301 Missouri Av.
St Louis.
