her name, and I hope that will not be long first.
Those two ladies that I spoke of on the other side
are Miss Rachel Crispin and Miss Elizabeth
Lohra they are relations of that family who I
shall ever stand indebted to for their kind attention
they have paid your Brothers, since we have been
at Elkton, Mr Thompson has been more like
a Brother to us than ~~just~~ an acquaintance. I
wish Anna you had been at some of those rambles
that we had at Lofland Hall (which is the name
of the place that Mr. L. lives at) I never spent
a summer so agreeably in my life as I have done
while in their company they were both as fine
Girls as I ever saw, Betsey Lohra is as much
like Sister Sally as I ever saw any one like another

that was no relation to Miss Anna you may
judge of her beauty, I will give you a better account
of them ~~when~~ when I come down, you may ask
Cousin Sam if he knows them, and he will tell you
what he thinks of them — I must conclude this
with wishing you all earthly happiness and requesting
you to write me as soon as you receive this

James and myself are both in
and join in love to you and all the fami-
ly — I am your very affect.
