Chester Town June - 1862

Dear Anna //

Your kind favour came to hand by Miss E. and I am sorry that I cant get you the ribbon, because there is none in Town like it, that I think a very good reason, I dont know what you may think of it — I am at a loss Miss Anna, about some part of your letter, I dont understand the girls called me Farther Abraham, and with you to write me more explicitly, I am sure that Mr. T. must have been thinking of some one else, when she made that mistake, however I will not be called Farther Abraham, I'll see into it all when I have the pleasure of seeing you all next ~~[illegible]~~ fall — Harriot Kingsold will be in Town this week and I will tell her what you say — Give my — to R. Troup and tell her I will take another jaunt to Cambridge with her when
