Chester Town August 14th 1809

Dear Anna

What Miss Anna not a line from you since my residence in Town, what strange event has happened that I have not heard from you, I suppose so much taken up with contemplating on the shore the opposite lanes and perhaps holding a pleasing conversation across the creek with know who, however I think might spare some time to write to your Brother who has been waiting to hear from the family - ly but cannot do so write and let me know the News of Dulcie Anna - Enclosed you have a letter from your friend Harriott Kingsloe, who has been in Town a good while, I had hard work to get her to write to you, I have since I came to
