ture with Mr. Muggold turned a complete
Pachaldor, which I dislike very much, the whole
family at present is at Eastern Neck, and will
be for sometime, so I have it all to myself, and
I dont know when I shall get to Clover Fields
as I am an entire prisoner, on Sunday the family
generally goes in the Country and I am obliged
to stay at home, so when I should get to Sunder
lands you must not think me mad if I
will be a little wild—
I wrote to Papa
by Mat. Tilghman last week, and tell me if
the letter is at the White House it should have
and if so immediately you will be good enough to
get it— It gives me much pain my Dear Sister to
to inform you of Mrs Mitchelly's death, she died very
suddenly night before ~~before~~ last; and her husband
being at the funeral of his Father made it still more
afflicting— Farewell and Believe me your affect-
Brother
Alex Hemsley—

P.S. You will readily perceive by my writing
that I am in a great hurry therefore you
must excuse me if for any mistakes
