There is very little news with the exception of parties, I believe that there is a party almost every night in the week. There is a party at Mr Wilkinses every monday night, to which I generally go, the last one I went to, I felt myself about the largest man in the room, I was asked by several why I did not dance, or that I stept out, took a partner and was very large I assure you; I was also at the Presidents levee when I had a very nice time. There is very little doing in Congress, they are adjourned on half of their time.

Please begin at yourself, and go down from the eldest to youngest giving my love, as it is the only new years present I have for them all, also give my love to Miss Cazy Newbold, and tell her that I really want to see her very much, give my love to the Emmy's Dolly aa's, and every one in the neighbourhood.

We are all well, and all join in love

Yours truly
Affectionate son
Frederic Emory
