you of the sale of it at a great disadvantage, owing to the trimming & painting having suffer'd by so long standing, and although we had your orders to begin another on selling the first, we desired to know, whether it would be convenient to you to take it, which implyd that if it was not you had onely to inform us of it, we fell grateful for the Yours wishes and intentions you expressd towards us and onely regretted that the great change which has since taken place in the times, should have made it inconvenient for you to put them in practice, ——

We would be glad to make you a Carriage of the description mentioned but £600 would not near pay our expences, as the harness would make much more expence than the additional sum would cover, besides the great differance in the two pieces of work, ——

Hopeing than an earnest desire to do justice to our intentions to you Sir will be a sufficient apology for troubling you with so long a letter, we remain,

Yrs Respectfully
