This is the latest report from Red Cross headquarters. The Red Cross is feeding these destitue and stricken people and distributing clothing, blankets, tents, cots, as rapidly as it is possible to obtain them. The sanitary and health situation is serious and there is great danger of epidemics and many are now ill with malaria, influenza and other diseases, and every effort is being made to check a further spread of disease. Emergency hospitals have been established and are in charge of Red Cross physicians and nurses.

$5,000,000 dollars is the minimum amount needed and every Red Cross chapter in the United States has been asked to raise its quota promptly. Carroll county's quota is $1500.00.

In the name of the Red Cross and the suffering of over a half million men, women and children, victims of a terrible disaster, we appeal to the people of Carroll county, to contribute promptly, so that Carroll county can as it always has done, when calls for suffering humanity have come, do its full duty.

Contributions can be sent direct to the chairman of the Chapter, or W. Carroll Shunk, treasurer, or can be made to officers of the branches of the county. Any publicity or appeals by the ministers of the county or the newspapers will be appreciated.

Are Women Better Drivers?

Opinions differ on this subject, but we do not hesitate to say that women usually are more careful drivers, and it would surprise some of you men to see how much useful life the average woman gets out of the battery in her car. Women have been quick to recognize the value of testing and filling at regular intervals. We welcome their patronage.
