Mr Tensfield presented a petition from George Beltzhoover, praying that an application may be made by the City Corporation to the General Assembly of Maryland for an extension of the time required for the opening of Sept street, which was read and referred to Mess.rs Tensfield, Scott & Ridgely.

Mr Sanders from the Committee submitted the following which was read a first time and laid on the table.

The joint committee on streets, to whom was referred the petition of L Marchand relative to the opening of Low street, have taken the same into consideration, and are fully of the opinion that the said street ought to be opened, but as the act of the Legislature relative to the opening and extending of streets, gives no power to your Honorable body to assess damages or pay benefits, particularly as to this street, Your committee would therefore recommend that the property holders interested in the opening of said street apply to the Legislature for a special act for that purpose, by which means their ends may be accomplished. Your committee therefore with these views, ask to be discharged from the further consideration of this subject by the following resolution.

Benedict Sanders, Da.l Hee, Tho.s P. Stran } committee 1st Branch

In the First Branch of the City Council of Baltimore.

The select joint committee of both branches of the City Council to whom was referred the resolution directing the committee to take into consideration the propriety and expediency of offering to the Judges of Baltimore County Court the rooms now unoccupied in the City Hall, for the purpose of holding the sessions of said court, until the court house is repaired and made suitable for their reception; and also the communication from Judge Brice respecting the present accomodation of the City Court, take leave to report –
