Chauncey Brooks,
} Committee.

Mr. Myer from the Committee, submitted the following report, which was read and laid on the table.

The Joint Committee on the Alms House, have duly considered the subjects referred to them, and beg leave to report, as their opinion, that the matter treated of by the Mayor, in his annual communication, relating to the admission of certain Paupers into this Institution, cannot be reached by the Legislative Functions of the Mayor and City Council.

The Committee visited the Alms House, some weeks ago, and ask the liberty of referring to a report presented by them on the 7th. ult., for their opinion of the management and state of this Establishment. This visit being at a season unfavorable to a proper observation of the Farm, they could not form a correct opinion of its State of Cultivation.

The report of the Trustees for the Poor of Baltimore City and County, proposes some alteration in the manner of furnishing Street manure for the use of this Farm, and suggests, to the consideration of the City Council, the adoption of certain measures calculated to effect this purpose.

The Committee view the Trustees, in making this appeal to their Council, as being actuated by a desire to promote the utility of their trust, and whilst we acknowledge their claim on the Corporation for aid to advance so laudable a motive; we deem it inexpedient to legislate thereon, as we have every reason to believe, that the object in view, can be as well attained by them, through an arrangement with the Health Commissioners.

Respectfully submitted, with the following resolution.

Thos. Myer,
Samuel S. Legrand,
} Committee of the First Branch.

Thos. E. Bond,
Henry P. Laudenmain.
} Committee of the Second Branch.

Resolved, That the Committee be discharged from the further consideration of these subjects.
