RODONDA ISLAND GUANO.

The CHEAPEST and BEST FERTILIZER in the Country.

THE RODONDA GUANO is not a mineral phosphate, requiring the action of Sulphuric Acid to render it soluble; its great power as a fertilizer is in its entire *solubility*, without the aid of acid. It is not a "Manipulation" or Compound of Fish or Flesh with Mineral Phosphates, the regularity of which is always uncertain and dependent upon, and controlled by the honesty of the manufacturer. The Rodonda is a *Pure Natural Guano*, (that term being understood to mean the excrement of fish-eating birds,) as the large per centage of organic matter sufficiently attests, and as found upon the ISLAND OF RODONDA, in the very state as imported and sold to consumers.

The regularity and uniformity of the fineness and condition of the various cargoes already imported by us into the United States, tested by the analysis of the most eminent Chemists of this country and Europe, is sufficient proof of its origin, and a guarantee of our ability to furnish this Guano of the quality and purity represented.

The PRICE of the Rodonda Guano is not the least unimportant in these days of agricultural competition and pecuniary embarrassment.

The very low price at which it can be sold places it within the reach of every farmer, and avoids the risk of large loss frequently incurred by failures of the crops in the purchase of high priced fertilizers.

This Guano has met with Unprecedented Success.

The results of its use during the past year are most gratifying, as attested by the certificates of the most intelligent farmers of our State from which we select the following:

CEDAR HILL, Harford co., Sept. 27, 1867.

"I used three tons of Rodonda Guano on Corn last spring, side and side with pure bone dust, (costing forty five dollars per ton.)

The difference is so great no one would believe it unless they saw it. I have had farmers to come six and seven miles to see my crop on which I used the Rodonda Guano.

It surpassed all the corn in the neighborhood no matter what kind of fertilizers were used.

If it will make Wheat as it did Corn, you can sell a hundred tons here in the spring."

THOMAS SMITHSON.

BALTIMORE, Jan. 20, 1868.

"I used the RODONDA GUANO upon Corn, which I planted in the spring of 1867, with much success. The Guano was applied in the hill on the *poorest* portion of my farm, and yielded a better crop than the richest part did without Guano. I have used various fertilizers on my farm in Anne Arundel county, and consider the Rodona Guano equal to any costing double the money. HENRY DUVALL,

(Of Duvall & Iglehart.)

ANNE ARUNDEL Co., Md., Jan. 1, 1868.

"I received the Rodonda Guano shipped me last May, which I gave a fair trial on my Tobacco Crop, at the rate of about *two hundred and fifty pounds to the acre*, applied in the hill. In noting its effect, I found where the Guano was used the Tobacco made a quicker start, growing much faster, ripening about two weeks earlier, and producing at least twenty per cent. more to the acre than that planted alongside, on the same day where the land had been well manured with barn-yard manure. I am so well pleased with the result that I intend using it again." HENRY OWINGS, OF S.

POPLAR GROVE, Queen Anne's Co., Sept. 25, 1867.

"I am much pleased with the six tons of Rodonda Guano purchased from you last season, and will use more this season. My experience by actual measure and weight, with the application of four hundred pounds to the acre upon Wheat, proves to me that this Guano will give a greater per centage on the cost upon my land than any Fertilizer I have ever experimented with." J. R. EMORY.

BALTIMORE, Jan. 18, 1868.

"I used your Rodonda Guano on my farm in Harford county last year in the same proportion as Peruvian mixed with Ground Bone on my Potato ground side by side. I found that the Potatoes were equally as good a crop on the portion of ground where I used the Rodonda as where I used the Peruvian.

I take pleasure in recommending it to farmers as a good fertilizer. JAMES WARDEN.

DENTON, Caroline co., Jan. 21, 1868.

"I used the Rodonda Guano mixed with one-third of Peruvian, and the result on Corn, by applying two hundred pounds broadcast to the acre, was beyond my expectations, for I raised eight barrels to the acre on land which had never paid before.

By applying the same quantity on Oats I raised a very fine crop, and the clover looked beautiful. I used at the same time two of the CRACK fertilizers of the Baltimore market, at the rate of five hundred pounds to the acre. The Corn though the land was better, could not be compared with that raised from the Rodonda."

"EXCELSIOR."

CONTAINING

AMMONIA - - - - - - - - 6 per cent.
SUPER-PHOSPHATE equivalent
to Bone Phosphate of Lime - 57 "
POTASH and SODA - - - - 5 "

COMPOSED of 700 pounds of No. 1 Peruvian Guano, and 1,300 pounds of *Soluble* Phosphate of Lime (bones dissolved in acid,) potash and soda, forming the most concentrated, universal and durable fertilizer ever offered to the farmer and planter—combining all the stimulating properties of Peruvian Guano, and the ever durable fertilizing properties of Ground Bones—supplying an abundance of Ammonia for any crop, and all soils, and in a perfectly fixed condition—not volatile and passing off with the first crop, as with Peruvian and other ammoniated guanoes, but stimulating the crop to which it is applied, and all succeeding ones, giving to poor, worn out and unproductive soils, new life and vigor, making them, in this respect, equal to the most highly cultivated lands, upon which much time and money have been expended.

We introduced Excelsior in 1858, and challenge the manufacturers and venders of fertilisers, natural or artificial guano, to show results so successful as can be shown from its use. One of our firm superintends in person every minutia of its manufacture. We therefore warrant every bag uniform, and to contain by analysis, the standard of fertilizing properties, giving that protection to the farmer which he does not have in the purchase of any other Guano or fertilizer sold.

Excelsior is in *fine dry powder*, prepared expressly for drilling, and can be applied in any quantity per acre, however small; and it is the opinion of the most prominent and calculating Planters, after Ten years experience in testing it side by side with other popular fertilizers, that an application of 100 pounds per acre of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

We are daily in receipt, from every quarter, of flattering encomiums from those who used it last spring and summer on cotton, corn and tobacco, and last fall on wheat, and had we the space could publish hundreds of testimonials, many from gentlemen who have continued its use year after year since its introduction.

The best evidence we can offer of the value of our Excelsior as a crop grower and fertilizer is the fact of its being imitated and counterfeited in this and other cities. Some unprincipled manufacturers have actually used our trade mark for the purpose of palming off their worthless compounds.

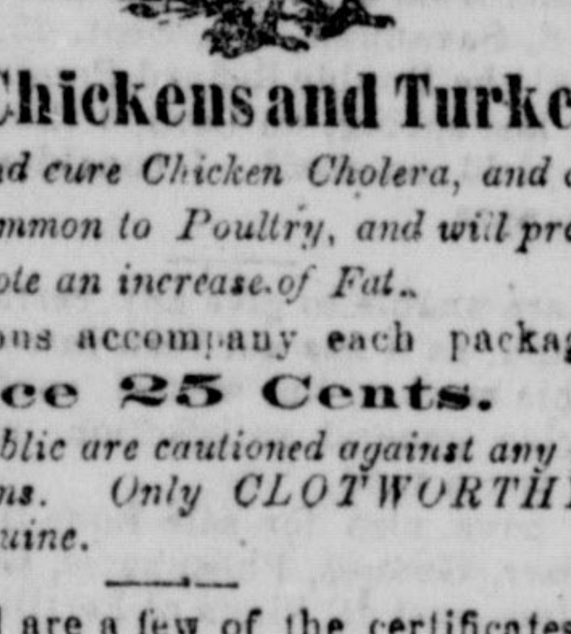

Farmers should see that every bag bears in *red letters*, the name of J. J. TURNER & CO. under the inspection mark, and thus secure the genuine article.

The annexed are a few of the certificates we have received in proof of the great value and efficacy of the Poulterers' Friend:

CARROLLTON, Baltimore County, Md., December 16th, 1867.

Messrs. Clotworthy & Co.,—Gentlemen: I have used your "Poulterers' Friend" upon a brood of young chickens that had the gapes, and am happy to say, that by the use of a few doses they were entirely cured. It will certainly cure the gapes when used according to directions. Yours, &c., GEO. HARMAN.

ANNAPOLIS, MD., February 7, 1868.

Messrs. Clotworthy & Co.,—Gents: I have sold all the "Poulterers' Friend" I received from you last August. The poultry in the surrounding country was dying very fast with "Cholera." I recommended your "Poulterers' Friend," and as far as I could learn, it has proved a cure for the disease.

Respectfully, W. R. GOODMAN.

BALTIMORE, February 2d, 1868.

Messrs. Clotworthy & Co.:—My chickens were dying very fast with what my neighbors called "Chicken Cholera." I was induced to try your "Poulterers' Friend," and it worked like a charm. I gave it as directed, and it cured those that were then sick, and I have not seen any symptoms of the disease since.

Yours, &c., B. MECKEN,
Cross and Warner streets.

Jefferson, Frederick Co., Md., July 22, '67.

Messrs. Clotworthy & Co., Baltimore.—*Gent.:* The wonderful cures which have been made by your Poulterer's Friend, cannot fail to interest all who raise poultry. A gentleman of this village has been experimenting on chickens with the gapes. He tried your Poulterer's Friend, according to the directions, and it had the desired effect in removing the worm, effectually relieving the chicken at once. Since then I have had many calls for it, and it has been used extensively with the same result. It is of incalculable value to all who raise Poultry. Respectfully, A. SPENCER.

County Commissioners' NOTICE.

THE COMMISSIONERS OF KENT COUNTY will meet at their office in CHESTERTOWN, on

TUESDAY, the 31st day of March next,
AT TEN O'CLOCK, A. M.,

and will continue to meet at the same place and hour every

Tuesday and Wednesday

Until the 19th day of May next.

All persons who have sold or transferred any assessable property since the general valuation and assessment of 1867, are particularly requested to attend at an early day and have their tax accounts adjusted.

After TUESDAY, the 19th day of May next, no alteration in the assessments will be made during the present year.

Persons making application for transfers of property will be required to comply with the following sections of Article 81 of the Code of Public General Laws:

SECTION 18. Whenever any person shall make application for an allowance or deduction on account of the sale, transfer, alienation, loss, or removal of any property, or the collection or payment of any public or private security for money, the County Commissioners or Appeal Tax Court, shall interrogate him on oath in reference thereto, and the disposal of the same, and especially inquire of him to whom the same has been sold or transferred, and the amount of the purchase money, or the money collected, and how the same has been invested.

SEC. 19. They shall also interrogate said person on oath in reference to any acquisitions or investments made by him, and not already assessed, and the amount of all such acquisitions and investments shall be added to his assessable property, and if he refuses to answer no allowance or deduction shall be made on his assessment.

All persons having ACCOUNTS AGAINST THE COUNTY are requested to bring in the same on or before

TUESDAY, the 19th day of May next,

otherwise they will not get into this year's levy. All accounts presented to the Court will be required to be under oath.

All new applications for pensions must be in writing, stating the residence, condition and circumstances of the applicant, and signed by two or more persons having a knowledge of the facts therein set forth.

Middletown, Del., aug10 y.

Astonishing but True,

THAT AT THE

GALENA TIN and STOVE STORE

THEY are selling STOVES and TIN WARE cheaper than can be bought anywhere else, and to those who are in want of such, we will say that it will be to their interest to call and examine before purchasing elsewhere.

Being very thankful to our friends and the public for their liberal patronage heretofore extended, we would cordially invite them to call and see our wares, which are of the best quality and superior finish, which we sell both wholesale and retail.

We would also call attention to our

Roofing and Spouting,

which we are prepared to do at short notice, and of the very best metals used for that purpose. Copper, Tin and Sheet iron Ware neatly repaired. Particular attention given to Job Work of all kinds, and satisfaction guaranteed. W. S. SPARKS & CO.
