Strawberry Plants AND DWARF PEARS.

I have about **200,000** Strawberry Plants, cultivated expressly for the Plants, which I now offer as low as can be bought of any Nurseryman, embracing the following choice varieties: Wilson's Albany, Agriculturist, Russell's Prolific, Knox's Jucunda or 700, and Golden Seeded.

Also, **5,000** Dwarf Pear Trees, principally Dutchess, *budded on the best two year old transplanted Angers Quince*, of my own importation, from the celebrated nursery of Duvesse & Co., at Orleans, France, that I will warrant equal if not superior to any that can be bought and at as low a price.

For the benefit of those wishing to plant Pear Trees, I will state that I have 2,800, of eight varieties, planted in 1863, and selected from the orchard of a gentleman who had thirty-two varieties, as the only ones worthy of cultivation. My own experience has induced me to discard all but the following, of which I shall plant about 5,000 myself this fall: Beure Gifford, very early; Beure Easter, very late; Louise Bon de Jersey; Dutchesse de Augoulene.

Pacific Guano Company's
(*CAPITAL* $1,000,000,)
SOLUBLE
PACIFIC GUANO!

THE VALUE of this Guano is now so well known and appreciated, that it does not require further commendation from us.

The Company owns the Guano Islands, and other sources of supply from which its raw material is drawn. Hence, this Guano, possessing such high excellence, can be brought into market at a price not exceeding that of the ordinary Super-Phosphates of Lime.

The large capital invested by this Company affords the surest guarantee of the continued excellence of their fertilizer, as the safety of their capital depends upon continued and permanent business.

Experience has shown that this Guano ripens the Wheat crop from five to six days earlier than the Super-Phosphates.

It is the policy and purpose of the Company to furnish the best fertilizer that enterprize and capital, aided by the best scientific ability, can bring into market, at the lowest possible cost to consumers.

Churning Made Easy.
Good Fresh Butter all the year round!
Farmers Attend!
Save Time! Save Labor! Save Money!

By using Tomlinson & Co.'s (Lincoln, England) Celebrated Butter Powder. By the use of this inexpensive Powder, churning of hours is reduced to minutes, and is applicable to the making of butter at all seasons of the year. A small quantity added to the milk or cream at the time of churning will produce Butter in much less time, in larger quantity, and of a superior quality, flavor and consistency.

It removes the unpleasant flavor caused by the cows feeding on turnips, garlic, weeds, &c.; and prevents all rancidity peculiar to butter; also makes it firmer and sweeter, even in the hottest weather.

This Powder, now being introduced into this country, has long been in use throughout Europe and the Canadas, and Butter made with it has invariably taken the prize at all Agricultural Shows, whenever exhibited.

Price 25 cts. and 50 cts. per box. Sold by all respectable Druggists and Store keepers throughout the country.
