out of any money in the treasury not otherwise appropriated, eighty five dollars, being for labor paid by him in behalf of his minor children, Tudor Beall and Ann Catharine Beall, for paving part of Garden street where it intersects Madison street: Provided, that the said Benjamin B. Beall give to the city a deed for that portion of the lot of ground belonging to the said Tudor and Catharine, that lies in the bed of Garden street.

Mr Russell from the committee, submitted the following report which was read and laid on the table:

The joint committee on water to whom was referred the petition of John Barney and others, and also the communication from the City Commissioners, on the subject of a fence on the front of the lot of the Calvert street spring, beg leave to report; that they have examined the premises, and given the subject due consideration, and find that the improvement is required; they also believe that it will be more economical to have a fence with the base of granite, and a cast iron rail, instead of the wood fence as heretofore. The fence as proposed, will not only add much to the appearance of that delightful place of public resort, but will in the end, be a saving to the corporation; your committee therefore recommend the passage of the annexed resolution:
