THE GREAT WESTERN METEOR—*Houses Shaken and Windows Broken.*—The Dayton (Ohio) Journal publishes the following dispatches:

Kenton, Hardin county, Ohio, October 27.—At three o'clock this morning the inhabitants of our village were suddenly startled from their slumbers by a terrific noise, accompanied by an oscilating movement of their beds, rattling of doors, windows, and a general shaking up of buildings, causing many to rush out on the street to ascertain the cause of this strange phenomenon. The earth's undulations were distinctly felt by several persons who happened to be on the streets at that early hour. A few seconds before the report the northern sky was illuminated as bright as day. The same sound, preceded by a vivid light, was noticed at several places in different directions from here.

Kenton, Ohio, October 27.—A little before three o'clock this (Wednesday) morning the inhabitants of this place and the immediate vicinity were aroused from their slumbers by a most terrific shock, which was followed by a general jarring of houses. The windows of several houses were broken. Many of our citizens rushed out into the streets to ascertain the cause of this phenomenon. Just before the report the northern and northeastern skies were as bright as noonday. It seemed to be of an extremely local character and going in a northeastern direction.

The Georgetown *Courier* gives the following picture of the District of Columbia, under Radical rule:

The District of Columbia since the advent of Radicalism has been little better than a Pandemonium; for it is now a positive disgrace to the civilization of the Nineteenth Century and a lasting reproach to self-government. Hair-brained fanatics of both sexes from every quarter of the land find this a congenial spot to advance their Utopian theories, as they receive in the endeavor the countenance and support of those who might reasonably be supposed to have been elevated to exalted station on account of superior legislative or administrative faculties, but who for the most part really attained to eminence only by the exhibition of like fantastic tricks in the localities from which they were sent among us. We are therefore afflicted with as precious a set of political mountebanks and unmitigated fools, in politics and religion, as were ever before gathered together any where. And from this commingling of "black spirits and blue, white spirits and grey," we are gathering naturally the most bitter fruits. Look at our courts of justice and the character of some of the men who preside there, filling the jury-box with ignorant negroes, to whose keeping the lives and property of the people of this District are committed; see who occupy the pulpits, and note the flood of infidelity which they are spreading, until it culminates the horribly blasphemous avowal, by a member too of the City Councils of Washington, that U. S. Grant is a better man than the meek and lowly Jesus! Behold the working of the several executive departments, and watch the care with which an inferior race is fondled, until many think the very fountains of society are loosened by the outrages upon our children, sisters, wives, and mothers in broad daylight! Can such things be and find no summary, effective check?

FIGHT BETWEEN A SOUTH CAROLINA MULATTO SENATOR AND A CARPET-BAGGER.—Battle is the order of the day.—This morning we were treated to another fracas among the Radicals. The difficulty was between Land Commissioner Leslie—a white carpet-bagger—who is said to have represented the people of Brooklyn in the New York Legislature—and Senator Wimbush, of Chester county, in this State, who, in years past, figured as waiter in the Exchange oyster saloon in Columbia. He is a bright mulatto. These two worthies became warm over some land matters this morning in Leslie's house, and upon Leslie's using some epithet derogatory to the negro blood in Wimbush's veins, the latter suggested the yard as a better place to fight it out. To the yard accordingly they repaired, and to fisticuffs, at which Leslie got rather the worst of it. It was not sanguinary at all, and the casualties were few. But it adds one to the personal issues between the negro race and their boasted friends from the North.—*Charleston News.*

DEATH OF HON. C. A. WICKLIFFE.—The venerable Charles A. Wickliffe, ex-Governor of Kentucky, died on Sunday evening last, at the residence of his son-in-law, Judge William M. Merrick, in Howard county, Md. Mr. Wickliffe was of a Kentucky family prominent in political life in that State and in the country, and of that family none was more distinguished than himself. He was a member of Congress from 1822 to 1832, and again, in 1861, he was a member of the Peace Congress which assembled in Washington. He had also served his native State in the Legislature and as Governor. Under the administration of President Tyler he held the position of Postmaster General.

THE FIRST EXPRESS TRAIN FROM NEW YORK.—The first through express train from New York arrived at San Francisco on the 22d ultimo. This train left New York on Sunday previous, and stopped on the route for wood and water only. It consisted of a Pullman dining car, two sleeping cars, two passenger cars and a baggage car. Although this is the quickest trip ever made across the continent, it was some three or four hours longer than was anticipated. The time will doubtless be reduced several hours when arrangements are completed on the entire line for rapid travel.—*San Francisco Bulletin.*

OYSTERS FROM BALTIMORE IN CALIFORNIA.—The San Francisco Bulletin of the 23d ult. states that a car load of oysters, ten tons in amount, arrived in that city on the 21st from Baltimore. They were shipped in a car constructed for the purpose, and came through in eight days in excellent condition. The entire car load was disposed of within twenty-four hours after their arrival. The success of this experiment will, it is believed, result in the construction of more oyster cars and a regular overland bivalve trade.

Rev. Herman Bangs, for many years a prominent member of the New York conference of the M. E. Church, died on Tuesday, aged 80 years.

THE DORCHESTER AND DELAWARE RAILROAD COMPLETED.—The Dorchester *News* of Saturday last says:

The greatest internal improvement ever conceived, planned and executed in this county, was completed this week—we mean the Dorchester and Delaware Railroad. Those who believe the road will not pay the stockholders; those that believe it will not accomplish the good for the county we claim it will—if any such there be—they must unite with us in exclaiming all honor to the bold, brave men that so successfully planned and executed this work in times so financially embarrassing as these are.

All along the track of this road are rich farming lands—lands that have been increased a hundred per cent. in value by the building of the road; and now that it has reached Cambridge, lands for ten miles around will increase a hundred per cent. in value in the next ten years.—This will make the county more wealthy than it ever has been, and as these lands improve the taxes in other districts will be decreased. This will cause their property to advance, for wherever taxes are reduced property advances in a ratio with this reduction. So it must work good to every acre of land and every dollar of property in the county.

HON. THOMAS F. BOWIE, of Prince George's county, Maryland, died at his residence in Upper Marlboro', in that county, on Saturday morning last, after a protracted illness. He served three terms in the Maryland Legislature, and was elected a representative from Maryland in the Thirty-Fourth and Thirty-Fifth Congresses.

How Hostetter's Bitters Cure Dyspepsia.

THE WHOLE STORY IN A NUTSHELL.

The office of the stomach is to convert the food into a cream-like semi-fluid, called CHYME. This is effected partly by the action of a solvent, called the grastric juice, which exudes from the coating of the stomach, and partly by a mechanical movement of that organ, which *churns*, as it were, the dissolving aliment. The CHYME passes from the stomach into the duodenum, or entrance to the bowels, where it is subjected to the action of the bile, and the nutritious portion of it converted into a fluid called *Chyle*, which eventually becomes blood.

Now, it is evident that if the great solvent, the gastric juice, is not produced in sufficient quantity, or if the mechanical action of the stomach is not sufficiently brisk, the *first process of digestion* will be but imperfectly performed. It is also clear that if the liver, which plays such an important part in changing the nourishing portion of the chyme into the material of the blood, is congested, or in any unnatural condition, the *second process* will not be thoroughly accomplished. The result of the *two failures* is *dyspepsia*, complicated with *biliousness*.

The mode in which HOSTETTER'S BITTERS operate in such cases is this: they invigorate the cellular membrane of the stomach, which evolves the gastric juice, thereby insuring an ample sufficiency of the fluid to completely dissolve the food. They also act upon the nerves of the stomach, causing an acceleration of the mechanical movement necessary to reduce the food to a homogeneous mass. They also act specifically upon the liver, strengthening it, and so enabling it to produce an ample and regular supply of bile, for the purpose of converting the nutritious particles of the *Chyme* into *Chyle*, and promote the passage through the bowels of the useless debris.

In this way, HOSTETTER'S BITTERS cure dyspepsia and liver complaints. The explanation is plain, simple, philosophical, and *true.*

RING'S VEGETABLE AMBROSIA.

This favorite Hair Restorer has been before the public long enough to have been thoroughly tested and its increasing sale and popularity are the best evidences of its superior merit.

As a Restorer of Gray Hair to its original color it has no equal.

For curing Humors of the scalp and preventing itching it is wonderfully successful.

For preventing the Hair from falling off it is unfailing.

For restoring Hair to Bald Heads it succeeds beyond Competition, although not always successful. Where the glands or follicles are not destroyed new Hair is sure to grow after using it properly.

As a dressing nothing surpasses it. It imparts to dry, faded and wiry Hair that beautiful glossy appearance so much admired.

Containing no oil or grease it does not soil the finest linen.

It is compounded upon Scientific principles of the purest ingredients and is entirely harmless.

Being perfumed with the most fragrant Extracts its odor is delightful.

TESTIMONIALS almost without number can be given if necessary but the AMBROSIA is too well known to require it. Try it once and you will never be without it.

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC,

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR
FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates street.
