The joint committee on streets, to whom was referred a resolution on the expediency and utility of continuing Broadway, north of Baltimore Street to Orleans Street, of a width corresponding with the same south of Baltimore Street, beg leave to submit the following, – they have considered the same, and are of opinion that it would be of great public utility, and that Broadway from Baltimore Street to Orleans street should be widened, and that the steep of the hills should be gradually cut away; and regret, that it is now too late for the present session of the Council to act on it, there not being sufficient time left to give the notice required.

Your committee would regret that any impediment should be placed in the way of such alterations hereafter, by improving the lots as they now are, as the present thoroughfare is susceptible of greater improvement, than any other, in any portion of our city. Under this impression, as it is now too late for any action on the subject, they beg leave to submit the following resolution:

A Wesley Watkins	Henry Myers
Geo A. Davis	Isaac M. Denson
