Friday, August 28th. 1846.

The Branch met pursuant to adjournment

Present Jacob T. Cohen Junr. Esq President, and all the members except Messrs Walsh, Neilson, Collins and McCauley

Mr Hickman presented a petition from William C. Stansbury and others, relative to the grievances in their neighborhood, by the deposit and sale of guano, in the stores at the corner of N. Gay and High Streets, which was read and referred to the joint committee on health.

The President presented a petition from William Lowry and others, praying for a tunnel at the intersection of Centre and Calvert streets, which was read and referred to the joint committee on streets.

The Second Branch returned the report and resolution from the joint committee on bridges, endorsed "concurred in"

Mr Watkins from the committee submitted the following report and resolution, which were read the first and by special order the second time, adopted and sent to the Second Branch, who returned the same endorsed "concurred in"

The joint committee on streets, to whom was referred so much of the Mayor's communication as relates to the repairs of streets, on account of the damage sustained by the late freshet, together with the

the different petitions relative to the same subject, report that they have examined the premises referred to, and have ascertained that a large amount of damage has been done to public and private property by the late heavy rains, and are of opinion that it is the duty of the corporation to remedy these evils as far as practicable, — and after carefully examining the subject referred to, they have concluded to recommend the passage of the following resolutions, believing that we can do no better at this session.

P Wesley Watkins — Henry Myers
Wm Colton — John Green Jr
Geo A Davis — Isaac M. Denspul
First Branch — Second Branch.

Resolved by the Mayor and City Council of Baltimore, That Run Alley tunnel be continued to Pearl street under the direction of the City Commissioners, and they are hereby directed to erect inlets in such places and of such dimensions as in their opinion will convey the water from the adjoining streets to said tunnel, the tops of inlets to be covered with cast iron, and the bottom of said tunnel to be of logs from Lexington street to the end of the same

And be it further Resolved, That the City Commissioners be and they are hereby directed, to place a good and substantial inlet to Chatsworth tunnel, at the northeast corner of Saratoga and Chatsworth streets, of such dimensions as they may believe will convey the water from the street to the tunnel, and one other inlet at the northwest corner of Saratoga and Chatsworth streets, of like dimensions, and enlarge the inlet at the southeast corner of said streets, so as to receive the water from the adjoining property. Also enlarge the inlet in Vine near Pine street, and the inlet on the south side of Vine street, near Run Alley — and enlarge the inlets at the intersection of Canal and Orleans streets, and the inlets at the intersection of Pitt and Canal streets, so as to convey the water more rapidly into Harford Run — and erect a new inlet at Harford Run at Little Hampstead street, and enlarge the sewers at the intersection of Bath and Holliday streets, and properly repair the walls on Harford Run — and have the dams or flood gates now in said Run removed — and properly repair Bowers' Sewer and the sewer commencing in Holliday street, near Saratoga street, running into Jones' Falls. The tops of all said inlets to be covered with cast iron.

And be it further Resolved, That the City Commissioners be and they are hereby directed to repair the streets, lanes and alleys in a proper manner as far as practicable, and that the sum of Seven thousand and sixty dollars be, and the same is hereby appropri-
