Lovering, Dobler, Woodward, Shaffner, Quinlin, Grafton, Davis, Carpenter, Disney, Leloup, Hoge, Shipley, Dushane – 19.

Nay – Mr. Cooper – 1.

Mr. Shipley offered the following resolution, which was read, and referred to the joint committee on highways and bridges:

Resolved, that the city commissioner be, and he is hereby directed to have stepping stones placed across Pearl street, at its intersection with Pennsylvania avenue.

Mr. Cooper, chairman of the joint committee on the harbor, submitted the following report and resolutions, which were read a first, and by special order the second time, and adopted; and sent to the Second Branch:

The joint committee on the harbor, to whom was referred the petition of Samuel Wilson, relative to certain repairs and improvements he proposes making to his wharf, adjoining the County wharf, Fell's Point, ask leave to report, that they have had the subject under consideration, and find as the petitioner remarks, that by the extension of the eastern end of his wharf, in a southwardly direction of about twenty-four feet, it will leave a space or dock of about twelve feet wide between his wharf and the west side of the County wharf, which space will be not only entirely useless to the city, but be a nuisance to the neighbourhood; he therefore proposes to extend his wharf to, and connect with the County wharf by necessary piling and logging at his own expense: provided the mayor and city council will have the space, extending from the County wharf to the west side of Samuel Wilson's wharf, both on his wharf, and the city wharf, filled up with the sediment raised by the dredging machines, free of all cost or charge whatever to him, by which the city will gain twenty-four feet by twelve feet of solid wharf; and further, this improvement will very materially strengthen that part of the County wharf which is fast giving way, and will in a short time, have to be repaired at considerable expense to the city. The committee therefore in view of the reasonableness of the application and the mutual benefit to be derived by the improvement, think the prayer of the petitioner should be granted. They therefore submit the following resolutions:

Hugh A. Cooper	First Branch.	Joseph J. Stewart	Second Branch.
Chas. Woodward		John R. Kelso	
George A. Davis		Jno. T. Farlow	

Resolved by the Mayor and City Council of Baltimore, that permission be and the same is hereby granted to Samuel Wilson to extend the eastern end of his wharf in a southwardly direction of about twenty-four feet, and eastwardly to and connecting with the County wharf, Fells Point, by having the necessary logging and piling done at his own expense, under the direction of the city commissioner and port wardens, in accordance with the plan herewith submitted, and on file in the registers office.

Resolved that the city commissioner and port wardens be and they are hereby directed to have the space (created by the extension above referred to) filled up in a substantial and proper manner, with the first sediment raised in the ensuing spring, or as soon thereafter as the said wharf may be ready for filling up; the same to be done at the expense of the Mayor and City Council of Baltimore, and to be taken out of the annual appropriation for the harbor.

On motion of Mr. Dushane, a reconsideration was had of the reference of the various petitions, asking the erection of fire plugs, and they were then, on motion, referred to the joint committee on water.

Mr. Disney offered the following resolution, which was read, and referred to the joint committee on highways and bridges:

Resolved by the Mayor and City Council of Baltimore, that the city commissioner be and he is hereby directed to have stepping stones placed across Howard street, at the junction of Howard and Hamburg streets.

A message was received from the Second Branch, proposing that when the Council adjourns this evening, it stand adjourned until Monday afternoon next, at half past three o'clock, which on motion of Mr Dushane was assented to, and the Second Branch informed thereof by message.

Mr. Disney offered the following resolution, which was read, and referred to the joint committee on highways and bridges:

Resolved by the Mayor and City Council of Baltimore that the city commissioner be, and he is hereby directed to have flag stones placed across Conway street, at the junction of Conway and Little Green streets.

A resolution was received from the Second Branch
