JAMES H. EDES, Reg'r.

The Warning Has Been Heeded.

Since the exposure of the attempts made by certain unscrupulous local dealers, to palm off their coarse astringents, made from cheap and impure materials, in the place of the great national tonic, Hostetter's Stomach Bitters, public opinion has set strongly against these empiries and their preparations. Their occupation is gone, or soon will be. When the light is let into deception it soon wilts down. Persons who trifle with their own health, by using unknown preparations, with no guarantee to sustain them, when an established specific, proven by twenty years experience to be exactly what it is claimed to be, is within their reach, are sure to repent their temerity. Many have done so in this instance, but it is hoped that the truth plainly spoken has arrested the evil. In the meantime the demand for the leading protective and restorative medicine of America was never so great as it has been this season. From the fever and ague districts of the west, south west, and south, it is literally overwhelming, and it may be said of the advices from all parts of the country of the cures it is effecting in dyspepsia, billious complaints, and chronic constipation, that "their name is legion." Everywhere the sick and feeble seem to have realized the importance of "holding fast that which is good," and of avoiding what is spurious and dangerous. The numerous "Bitters," under various names, which mercenary dealers endeavor to substitute for Hostetter's Stomach Bitters, should be avoided, for their own sakes, by the sick and the public at large. Hostetter's Bitters are procurable in bottles only, and never sold in bulk.

No Lady's Toilet Complete

Unless there be the fragrant Sozodont; and the breath sweet odors it imparts, the gums a ruby redness soon assume, the teeth quick glow [illegible] alabaster tint, and seem as pearls set in a coral vase.

Spalding's Glue, cheap, convenient, useful.
