Resolved by the Second Branch of the City Council that the City Commissioners be & are hereby directed to inform this branch by what authority they paved Gough street from Aisquith to County street part in a Concave & the other part in a Convex form, also by what authority they paved Washington street from Gough to Wolfe street, and if County street was or now is a public street or High way by any public act except that of the extension Commissioners on their plat returned. —

A Communication was received from the City Commissioners in Compliance with the above Resolution

Mr Beatty from the Committee delivered the following Report which was read a first time ordered to lie on the table —

The Committee to whom was referred the Supplement to an Ordinance entitled An Ordinance for Regulating the Inspection of Pork & Beef in the City of Baltimore —

Represent that they have examined the Old law & compared it with the changes to be made in the mode of packing Pork & Beef contemplated by the Supplementary law and are of opinion however desirable it may be to make the attempt to improve the character of those two Articles in the Baltimore market, it is now too late in the Session to enact a new law on a Subject so intricate in its provisions, They therefore Report that it is inexpedient to act on the said Supplement which is respectfully submitted.
