GOLDEN WORDS FITLY SPOKEN.—The following fitly spoken words we take from the last issue of the *Golden Age*, of which Theodore Tilton is editor. They speak the truth in reference to the late election as straight as it is possible to speak it:

"The opposition was not a unit. It was not perfectly organized. It was encumbered with associations and memories that were prejudicial to the cause. It had no exhaustless treasury to draw upon for funds to carry on a campaign. It had no army of office-holders and seekers, a hundred thousand strong, bound to it by necessities and interests, to fight its battles and do its work. It had no subsidized press to publish its arguments and appeals, and no regiment of clerks stationed at the Capitol to flood the country with campaign documents sent, under cover of franks illegally used, through the public mails — To all intents and purposes it was a mass-meeting assailing a fortress, an unarmed multitude confronting a well organized and disciplined army with all the resources of the government at its command. The Administrrtion staked everything on this election. Its leaders knew perfectly well at the outset that they could not go before the country upon its record and merits without meeting a disastrous defeat, and they resorted to measures never before employed by a party in this country to carry an election. The made every office in the nation a source of revenue and means of political influence. They used the whole patronage and power of the government as elements of party influence. They used the national finances as a means of intimidating the rich, and overawing the business community into acquiescing support. They emptied the departments of every man who had a tongue, and put the whole Cabinet upon the stump. Never before in our history has the government of the United States been prostituted into a mere political machine, and all its mighty resources and enginery employed by cunning and unprincipled agents to secure a party triumph. Add to these palpable and admitted facts the equally unquestionable fact that the State elections in North Carolina and Pennsylvania were carried by fraud, thus throwing the prestige of victory where it did not belong, and it is enough to understand the reasons of the opposition defeat. The administration has re-elected itself by means which rob its victory of moral significance, and fills its own adherents with remorse rather than rejoicing."

A NOBLE EXAMPLE.—The Baltimore *Sun* states that the men employed under the health department of Baltimore city recently presented Dr. Chas. A. Leas, Assistant Health Commissioner, with a handsome saddle, bridle and martingale, but the Doctor declined to receive the gift and in doing so gave expression to the following noble sentiments, which do him great honor and set an example worthy of being followed by all public officials throughout the country:

"The practice of public officials receiving presents from those under them I entirely condemn, as corrupting and demoralizing in its tendency. No man sees so clearly after receiving a present. True it is, that the men employed did not receive their appointments or employments from me, but from the head of the health department as the law brings them, after being selected, under my superintendency, and because of the efficiency and economy of this branch of the department reposing in me, which renders the men when they fail to answer this efficiency and economy liable to removal, is the very reason why I ought not to receive any presents whatever from any man or set of men under this department. Moses wrote, by authority from God, in his day that gifts blind the eyes and pervert the words of the righteous, and if true in that day it is no less true now, for the truths of God remain the same forever.

"I have a greater desire than that the men should render to the city, in their respective employments, the same measure of faithful service that they would be required to give in the private department of life. Less I cannot accept, and more I will not demand. When that is rendered I am, so far as the men are concerned, honored, rewarded and content, and in return for such faithful service the will not fail to receive the highest appreciation."

THE PRESIDENT'S POLICY.—Already the Washington correspondents are foreshadowing the President's policy. The Baltimore *Sun* (dependent) published the following on Monday from its correspondent: The President in his annual message, will recommend the passage of a bill by Congress removing all the disabilities imposed by the third section of the fourteenth amendment to the constitution. He will take the ground that as the amendment does not exclude the ballot, but only imposes disabilities to hold office upon certain persons, there is no good reason for disfranchisement of that kind merely because they were, before the rebellion, of standing and character enough to be elected to offices requiring them to take an oath to support the constitution. In his last message, he suggested that if there were any persons distinguished above all others for the part they took in the rebellion they might be excluded, but now he proposes to exclude everybody. The excepted classes now are all Senators and Representatives of the Thirty-sixth and Thirty-seventh Congress, officers in the judicial, military and naval service of the United States, heads of departments and foreign ministers of the United States who participated in the rebellion.

RAILROAD EXTENSION.—The Wilmington (Del.) *Commercial* says that the surveyors and engineers of the Wilmington and Western railroad will in a few days commence a survey of the proposed route as far as Oxford, Pa. The proposed road will make a detour to the left about half a mile east of Landenberg, and cross White Clay creek and the Pennsylvania and Delaware railroad on a high trestle bridge, and from thence to the town of Kimbleville, and on through a rich agricultural region and near a large number of various kinds of manufactories, to Oxford, where it will connect with the Peach Bottom railroad which is already under contract and partially graded.

A. T. STEWART'S NEW CITY.—New Yorkers can't make out what A. T. Stewart means to do with his new city at Hempstead Plains, L. I. A hundred elegant houses, costing $15,000 or more a piece, are going up, boulevards are being laid out and roads planned, but to every one who wishes to make a purchase Stewart returns the invariable reply, "I have nothing to sell." Apropos of this, rumor says that his great building in New York, now nearly completed, which was to be a home for sewing girls, is in fact going to be a mammoth hotel.

RACING.—The veteran turfman, Mr McDaniels, well-known to all the patrons of the turf, has given notice to all the world that he is prepared to match any horse or horses that may be produced in three races, either two, three or four mile heats, at $10,000 or $20,000 each race—the races to be run over the Saratoga courses next summer.

A MARYLAND RAILROAD IN LITIGATION.—James B. Groome, of the Cecil bar, as solicitor of Messrs. John H. Wiggins and Alexander Dearborn, of Boston, holders of first mortgage bonds of the Maryland and Delaware Railroad Company, has filed a bill of complaint on the equity side of the Circuit Court for Talbot county, asking for a sale of said railroad, and, pending the litigation, for the appointment of a receiver, and for an injunction against said company, and the Trustees under the mortgages given to secure its first and second mortgage bonds. The bill states the principal of the first mortgage bonds to amount to $850,000; the principal of the second mortgage bonds to be $150,000, and the principal of the State of Maryland's lien to be $140,350, and that the interest on these liens is in arrears for two and a-half years. The bill charges that the affairs of the company either have been and are grossly mismanaged, or that its net revenues have been misapplied and diverted from the payment of the interest warrants on the first mortgage bonds of said company, to which payment they are pledged; that said company is hopelessly involved, and that a speedy sale of said railroad, with its equipments and franchises, is necessary, to save the first mortgage bond-holders from irreparable loss. The Court set down the motion for an injunction and the appointment of a receiver for hearing on Wednesday, the 20th inst. The road runs from Clayton, Delaware, to Oxford, Maryland—a distance of about fifty-four miles.

A FUNNY MISTAKE.—One day last week an artist of Wilmington, named Davis, went down to Easton, having expressed ahead of him a box of paintings. Upon reaching Easton he inquired at the express office for his pictures, and was told that his box had reached its destination and had been delivered as directed. He asked to whom, and was told to S. Sampson. He replied that his parter, Mr. Sampson, was in Wilmington and could not receive the box. He returned to the hotel, and not finding the box there became greatly perplexed. But he was soon informed than an old negro man named Sam Sampson lived near the town, and that the box had been taken there by the driver, who was as much perplexed to know what to do with it as Mr. D. was to know what had been done with it. Mr. D. went to Sampson's, and he found that the old man had literally lined his little hut with the paintings, and was admiring them in the midst of a whole host of his colored friends. The old man, unable to account for the gift in any other way, had concluded that President Grant, or some of his other Republican friends in Washington had sent them to him. So the Easton *Star* says.

ROSS WINANS, in a communication to the Baltimore Daily *Sun*, expresses the opinion, that the "*Basin Nuisance*" can be abated simply by dredging out and deepening the basin until thirty-five feet of water is obtained. He is of the opinion that the decomposition of organic matter would be very slow in that depth of water; that the filth at the bottom would not be stirred up by the steamers during the summer; and that it could be easily removed every winter. This is the most sensible suggestion we have yet seen on the subject, and would certainly be much better than filling up the basin, or attempting to correct the nuisance by creating artificial currents; and has the further advantage, that if not successful in entirely removing the nuisance, it would be a great and much needed improvement of the harbor.

IMPORTANT TO ODD FELLOWS.—The Grand Lodge of the Independent Order of Odd-Fellows of the United States passed an amendment to the constitution providing that when a member is expelled from a lodge or encampment in one jurisdiction, he cannot be admitted to a lodge or encampment of any other jurisdiction without the consent of the encampment from which he was expelled, but permitting the admission in another jurisdiction of a member suspended or dropped for non-payment of dues.

THE annual meeting of the stockholders of the Baltimore and Ohio Railroad was held at Camden Station Monday. John W. Garrett, Esq., President of the Company, submitted his annual report. The receipts from the Main Stem and its various branches during the year amount to $13,614,872.26, being $1,057,366.84 in excess of the receipts of the preceding year. An election for Directors was held, which resulted in the choice of the present Board, except that Mr. G. A. Von Lingen was substituted for Mr. Allen A. Chapman, resigned.

SENATOR SUMNER.—The Springfield *Republican* says Senator Sumner writes to a friend in Newburyport as follows: "My friends urge that I should postpone my return, and thus receive a further lease of rest, but I cannot satisfy myself without returning. My health has improved visibly and palpably. I can walk now, as I could not on my arrival, but I find what the doctor calls my limitations! I have not read an American newspaper since I sailed out of Boston harbor, nor have I concerned myself except with sights, society and pictures."

THE VOTE IN DELAWARE.—The full and official returns of the election in Delaware show that Grant received 11,116 votes, and Greeley 10,208, therefore Grant carried the State by a majority of 908 votes. In 1868 Horatio Seymour, democrat, carried Delaware by a majority of 3,257. At the recent election for Congressman, James R. Lofland, republican, received 11,377 votes, and Custus W. Wright, democrat, received 11,025, Lofland, republican, is therefore elected by a majority of 352 votes.

IDA GREELEY now owns Chappaqua, it having been bequeathed to her by her mother.

The Warning Has Been Heeded.

Since the exposure of the attempts made by certain unscrupulous local dealers, to palm off their coarse astringents, made from cheap and impure materials, in the place of the great national tonic, Hostetter's Stomach Bitters, public opinion has set strongly against these empiries and their preparations. Their occupation is gone, or soon will be. When the light is let into deception it soon wilts down. Persons who trifle with their own health, by using unknown preparations, with no guarantee to sustain them, when an established specific, proven by twenty years experience to be exactly what it is claimed to be, is within their reach, are sure to repent their temerity. Many have done so in this instance, but it is hoped that the truth plainly spoken has arrested the evil. In the meantime the demand for the leading protective and restorative medicine of America was never so great as it has been this season. From the fever and ague districts of the west, south west, and south, it is literally overwhelming, and it may be said of the advices from all parts of the country of the cures it is effecting in dyspepsia, billious complaints, and chronic constipation, that "their name is legion." Everywhere the sick and feeble seem to have realized the importance of "holding fast that which is good," and of avoiding what is spurious and dangerous.

The numerous "Bitters," under various names, which mercenary dealers endeavor to substitute for Hostetter's Stomach Bitters, should be avoided, for their own sakes, by the sick and the public at large. Hostetter's Bitters are procurable in bottles only, and never sold in bulk.

ALL ABOUT IT.—The St Louis Democrat states editorially that there will be but two changes in President Grant's cabinet after the 4th of March next. These will be the retirement of Secretaries Fish and Boutwell. The former, it is expected, will be offered the mission to England, and the latter a seat in the United States Senate.

THE Brick Hotel in Denton, owned by Mr. Wm. Fell, has been sold for $5.500 to Capt. Thomas E. Heather, of Philadelphia. Mr. Thos. M. Marvell, of Del., is to take charge of the Hotel on the 1st of December next.

American Belles.

America is justly proud of her beautiful ladies, but how many mar their beauty, and lose their health and youth, become prematurely old in appearance, by neglecting to take proper care of their teeth. There can be no excuse for this, as SOZODONT, pronounced by all worthy a place between the sweetest lips, can now be had in all civilized countries.

THE
Howe Machine
COMPANY

Are now able from their increased facilities for manufacture to offer their

IMPROVED SEWING MACHINES,

ON THE MOST ADVANTAGEOUS TERMS.

They are now manufacturing

SIX HUNDRED DAILY.

During the past six years they have manufactured and sold

400,000

which attests the great popularity of this unequalled machine. Until the year 1865

ELIAS HOWE, Jr.,

THE ORIGINAL INVENTOR OF

SEWING MACHINES,

Did not compete with Companies who were paying him royalty for the use of his patents. At that time he commenced manufacturing and put the genius which invented the Sewing Machine, the experience learned from the failures of other manufacturers, and the experience of a long life as a practical mechanic into the

HOWE MACHINE.

It is a noticeable fact that the

Howe Machine Co.

HAS

FOUR HUNDRED THOUSAND

of their Machines in use, although having existed but SIX YEARS, while the Company which claims to have the most in use, has only about twice that number, though having existed for TWENTY YEARS.

A. M. GUDGEN,

The Great Fertilizer.

WHANN'S
RAW BONE SUPER PHOSPHATE.

FARMERS who are about purchasing Fertilizers for seeding their WHEAT should by all means use WHANN'S RAW BONE SUPER PHOSPHATE, which, for the past ten years, has met with unexampled success on this important crop.

Wheat grown with Whann's Phosphate has a large well filled head, stiff straw, and is far less liable to smut and rust than when grown with stable or other manures.

Whann's Raw Bone Super Phosphate

is a COMPLETE MANURE, containing all the elements needed by growing plants. It is rich in SOLUBLE PHOSPHATES and AMMONIA, and while it possesses the prompt and active properties of *Peruvian Guano*, it has the more durable qualities of *Pure Dissolved Bones* from which it is made.

FARMERS

Who have not yet used WHANN'S RAW BONE SUPER PHOSPHATE,

would do well to try it on this year's crop.—That it has no superior in the market is attested by thousands who have used it.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.

Price One Dollar.

Buckingham's Dye.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

ROSADALIS

THE GREAT SOUTHERN remedy for the cure of Scrofula, Scrofulous Taint, Rheumatism, White Swelling, Gout, Goitre, Consumption, Bronchitis, Nervous Debility and all diseases arising from an impure condition of the Blood.

The merits of this valuable preparation are so well known that a passing notice is but necessary to remind the readers of this journal of the necessity of always having a bottle of this medicine among their stock of family necessities.

Certificates can be presented from many leading Physicians, Ministers, and heads of families throughout the South, endorsing in the highest terms the fluid Extract of Rosadalis.

Dr. R. Wilson Carr of Baltimore says "he has used it in cases of Scrofula and other diseases with much satisfaction.

Dr. T. C. Pugh of Baltimore, recommends it to all persons suffering with diseased Blood, saying it is superior to any preparation he has ever used.

Rev Dabney Ball of the Baltimore M. E. Conference South says he has been so much benefitted by its use that he cheerfully recommends it to all his friends and acquaintances.

Craven & Co., Druggists, at Gordonsville, Va., say it never has failed to give satisfaction.

Sam'l G. McFadden, Murfreesboro, Tennessee, says it cured him of Rheumatism when all else failed.

Rosadalis is not a secret quack preparation. its ingredients are published on every package. Show it to your Physician and he will tell you it is composed of the strongest alteratives that exist, and is an excellent Blood Purifier. Did our space admit we could give you testimonials from every State in the South and from persons known to every man, woman and child either personally or by reputation.

Rosadalis is sold by all Druggists.
