accompanying statement signed by the City Commissioners that the appropriation of Eleven hundred and fifty dollars made by a Resolution passed 5th March 1825 for the purpose of roofing latching and plastering and extending the Stone Stores at Lexington Market has been insufficient to complete the object it has therefore been considered proper to call a meeting of the Council at this time to make provision to meet the deficiency, if they judge it right so that the contemplated repairs may be finished during the present Season. —

The resolution making an appropriation for William H Small by adjournment of the Council in March last was prevented from being in the time prescribed by the Charter it is herewith returned "approved." It is not deemed necessary to direct the attention of the Council to any additional objects at this time, as the period of their annual meeting is not very distant. —

with great consideration and respect
