Eastern avenue, beg leave to report that they have carefully considered the high respectibility of the petitioners, and the utility and convenience of a bridge at that point, all of which had due weight in their deliberations. But in order to discharge their whole duty in view of the heavy taxes already imposed, the low condition of the treasury, and the frequent calls upon it, and the convenience of the bridge at Canton avenue, in the immediate vicinity of the one asked for, greatly lessen the inconvenience complained of.

For these reasons, and the admonition of economy, your committee are constrained to report unfavorably to the erection of said bridge at this time, Your committee would further state that the bridge at Canton avenue is in such a state of decay, that in their opinion it will not be fit for use longer than one year, we beg leave to offer the following resolution.

Mr Duke hart from the joint committee on fire companies, presented the following report and resolution, on the application of the Deptford Fire Company, for a further special appropriation, read and laid on the table

The joint committee on fire companies to which was referred the petition of the Deptford Fire Company, for an additional special appropriation of four hundred dollars, respectfully report that however much your committee regret the embarrased condition of the company, we cannot feel justified in recommending an additional appropriation, the amount appropriated to the Deptford in common with all other companies was less than the sum asked for, and if an additional appropriation be made to the Deptford all the other companies will think that they are equally entitled to an additional sum from the city, we therefore offer the following resolution.
