The joint standing committee on claims, to whom was referred the petition of Dr P C Williams, asking the payment of an enclosed bill for professional services to officer Henry Wilcox have considered the same, and are of opinion that the petitioner has no claim upon the city. If the officer was slightly disabled as represented, he was in receipt of his weekly salary during the time, and should pay his own bills for medical attendance. If the committee were to adopt the rule of auditing such accounts, it would be setting a dangerous precedent, one that could be taken advantage of by every officer of the city from the highest to the lowest, and depleting the City treasury to a large amount every year, they therefore respectfully submit the following resolution.
