President of First Branch.

A supplement to an ordinance entitled "An ordinance to lay out a public square in the northwestern section of the city of Baltimore" approved April 23, 1839.

Whereas the front of ground lying on the north side of Lexington street between Carey street and Calhoun street, opposite to Franklin square, is three hundred and thirty-four feet, which, if improved with houses of twenty-four feet front, would leave a vacant lot of twenty-two feet which could not be improved under the provisions of the ordinance to which this is a supplement; therefore,

Be it enacted and ordained by the Mayor and City Council of Baltimore, That the owners of the ground on the north side of Lexington street, between Carey and Calhoun streets, be and they are hereby permitted to improve the said ground with houses of a front not less than twenty-three feet ten inches each: provided that before making the said improvement the written consent thereto shall be given by James Canby and Samuel Canby, their heirs and assigns, and of all persons claiming under them, or either of them, and that said written consent be approved of by the City Counsellor and filed with the Register of the city of Baltimore, the consent hereby given being so given only to the extent the Mayor and City Council may lawfully give without interfering with their rights in Franklin Square.

J. C. MacKenzie
President of the First Branch.
Charles J. Baker
President of the Second Branch.
