Second. That the said enclosed superstructure or superstructures shall connect one or more floors of the said premises on Fayette street with the floor or floors of the building or improvements now in the course of construction as aforesaid on the north side of Goodwin alley extending northward to the south side of Wyoming street; that the bottom of the lowest of said superstructure or superstructures, in order to permit the free passage of vehicles of every description through said Goodwin alley, shall not be less than thirteen feet from the surface of said alley, and that said enclosed superstructure or superstructures shall be erected and completed under the supervision and to the satisfaction of the Inspector of Buildings of Baltimore City.

Goodwin alley; superstructures.

SEC. 2. And be it further ordained, That this ordinance shall take effect from the date of its passage.

Approved December 21, 1900.

THOMAS G. HAYES, *Mayor*.

---

No. 97.

An ordinance entitled "An ordinance to repeal Sections 106, 107, 108, 109 and 110 of Article 7 of the City Code of 1893, and to re-ordain the same with amendments, and to add four additional sections thereto, entitled Sections 110A, 110B, 110C and 110D."

SECTION 1. Be it ordained by the Mayor and City Council of Baltimore, That Sections 106, 107, 108, 109 and 110 of Article 7 of the City Code of 1893 be and the same

are hereby repealed and re-ordained with amendments thereto, and also by adding four new sections, to be entitled Sections 110A, 110B, 110C and 110D, as follows:

Repeal.

Sec. 106. The Inspector of Buildings, with the Mayor's approval, is hereby authorized and empowered to grant a permit to any person or persons applying to place a steam power boiler or engine, and machinery operated by steam power, gas, gasoline or any other motive power of any kind whatever in his, her or their premises upon complying with the provisions of this ordinance.

Motive power may be installed in buildings.

Sec. 107. Before any permit shall be granted, application must be made to the Inspector of Buildings, on blanks to be furnished by his office, by the person or persons desiring the same, giving a full description of the premises in or on which it is to be placed, used or attached; also the character of machinery to be placed therein, with its power designated, and all questions answered as given upon the blank so furnished.

Proviso.

Sec. 108. The Inspector of Buildings shall have inserted in one daily paper three times within the period of one week, notice of said application, and naming a day and hour, previous to which written protests or complaints may be filed. Should no written protests or complaints be received, the Inspector of Buildings, after being satisfied that all conditions are favorable, shall issue the permit, after signing it himself, and having the Mayor's approval

Protests may be filed.
