Description.

said point, based upon the above mentioned system, being east 1,322 feet and north 1,257.5 feet; thence by a straight line south 1° 50′ east 406.71 feet to a point, the coordinates of which are, based upon the above mentioned system, east 1,335 feet and north 851 feet; thence southerly, by a straight line to the intersection of the southernmost side of Madison street and the line of the westernmost edge of the coping of the wall of the westernmost side of Jones' Falls; thence southerly, binding on the line of the westernmost edge of said coping of said wall to the southernmost side of Baltimore street, extending said line where there is no coping in prolongation of said line along the westernmost edge of said coping so as to provide the corresponding space for the extension of said coping until the coping begins again, and so on across each interval to the southernmost side of Baltimore street; thence easterly, binding on the southernmost side of Baltimore street to the place of beginning; all according to the plat filed in the office of the Commissioners for Opening Streets on January 8, 1912, and hereby referred to and made a part of this description.

Special conditions.

Reserving, however, to any person or persons, or body corporate, the right to use so much of the ground included within the above description as is now occupied by the foundation or foundations of any building or buildings or other structure or improvement, or piers or tracks, until such time as such building or buildings or structure or piers or tracks shall be rebuilt or rearranged, at which time it or they shall be

rebuilt or rearranged in accordance with the above description; this reservation, however, not to apply to or affect any of the property hereby directed to be condemned on the east side of Guilford avenue.

The courses in the above description are all referred to the true meridian of the City of Baltimore Topographical Survey Commission.

What description includes.

This description is intended to include all the property within the shaded outlines as shown on the plat above mentioned and made part of this ordinance, said plat being marked "Preliminary plat for the condemnation and opening, in pursuance of the Act of 1910, Chapter 110, of a highway over and along Jones' Falls, with a diversion or diversions therefrom, from the south side of Baltimore street to Chase street, and thence to and by way of Guilford avenue, as widened, to Mount Royal avenue, and for the widening of Guilford avenue to form part of said highway, and for a connection over Jones' Falls from said highway to the north side of Biddle street; said highway to be called 'The Fallsway.'" Said plat being signed by Joseph W. Shirley, Chief Engineer, Topographical Survey Commission, and dated January 2, 1912. The said streets, as directed to be condemned, being delineated and particularly shown on a plat which was filed in the office of the Commissioners for Opening Streets on the eighth day of January, in the year 1912, and is now on file in the said office.

Mode of proceedings.

SEC. 2. *And be it further ordained*, That the proceedings of said Commissioners for
