My Dear Sir,

Phila. Sept. 4th 1792

An express affords me an opportunity of inclosing a paper of this day containing the speech of the British King to the parliament the 11th of July —

A Vessel is arrived in this river from the Texel, it is said she left it the 20th July — & that she has Dispatches for Congress — Present my Compts to Mrs Lee & believe me Dr Sir with great respect
