Governor Lee

McElwood's

Annapolis Monday Evening

I did not leave Balt.o until to day and believe me my dear Sir I was never so much fatigued with so short a journey. I left my Baggage at Balt.o until Saturday night and I have charged him with the Band Box with its Contents as you left it except the Roll Mrs Buchanan took out. I shall return to Balt.o on Friday certainly and hardly promise myself the pleasure of seeing you sooner. Cannot you come this far on Thursday on your way to Harford and go up on Friday or Saturday for I would wait one day at least for yr. Company. The Arrival of my friend Mr Campbell at Balt.o makes it necessary for my Guidon return there. I spent some time in Balt.o with Hughes & his wife He says the Land is immensely valuable —
