and of course dangerous situation. — Accept my thanks for your attention to my affairs in the hurry of Business & be assured that tho my stay here will be short I shall pay every attention your political cause as well as able advisers — The letter of the Delegates is so full that it will require no explanation — and I am sure your Modesty will not be put to the Test except little Michael R. take it into his head to have you called on and even then I think it may be fairly said you can have nothing to say but what the Delegates have therein said. — I pray you to be up on Thursday I want exceedingly to see you & I must leave Annapolis on Friday or Saturday. Hughes goes home on Saturday & I told him that he might expect you at any rate tis only 20 miles to see a friend who wishes much to see you & who will accept no excuse but the indisposition of Mrs. Lee. — I cannot spend what I have written I can only offer my most respect to my friend Mrs Lee —

Yrs Respectfully
& affectionately
W. Paca
