London 1st Oct. 1783.

My dear Sir

The Ship being detained a day or two longer than I expected affords me an Opportunity of telling you that Mary is well. I am under Immense apprehension about the fright. Mrs. Crby & Hancock, Lawrance & myself have compared and all say the same but whether the Agent of the Ship does so I am not quite however he says so.

God Bless you my Dear

A Bowlby

Emmanuel
