Philad.a 7th Nov.r 1783

519

Dr. Sir

Permit me to introduce to your Acquaintance and recommend to your Civility and Attentions the Bearer of this Letter Mr La Lande. This young Gentleman is of good Family and ample Fortune but what is far more estimable than either is good Sense and an amiable Disposition. You will find him possessing both in an eminent Degree and I once more mention him as sharing largely in my Esteem.

I am my dear Sir

yours.
