Sir

Philad.a Decem.r 11th 1783

66

I have lately made a Settlement with Mr Hudson by which the Tract of land in Harford County Called Swan Harbour, (the same which I bought of Mr Paca & for the purchase of which you were treating with me some time ago) is become entirely my property. I am therefore now determined either to sell or rent it, the former would be most agreable and if you are still inclined to make the purchase, let me know, as I am rather inclined to accept the offer you formerly made, than to undertake the trouble of making improvements at a place so distant from me. I shall thank you for a speedy answer & remain very respectfully

Sir Your most obedient & humble Serv.t Rob.t Morris
