Sir,

Bredwood June 1st 1784

(29)

I have not yet seen the plot & Courses of Swan Hanson & Co's Bit, it is therefore not in my power to prepare such an instrument as wished, nor can I give you any information to enable you to guard against errors in transferring to Mr Smith. I suppose the plot & Courses have miscarried in their way to me, as Mr Hodson informed me he delivered a letter to Mr Bake for you which he believed was written by you, it by some means was lost — under these circumstances I have executed a bond to you with Col. Joseph Sim Surety for the Consideration, to wit £435.13.5 Mary.d Cur.y payable in dollars at 7/6 for which I shall institute the hands of Mr Wm Potts of Baltimore Town to be exchanged with your Agent there for your Bond for the Conveyance of 580 57/100 Acres of Swan Hanson & Co's Bit in fee simple with a General Warranty ~~free of every incumbrance to the 9th Jany~~ my bond is dated 29th May & carries Int. from 20th Jany Last
