Dear Sir,

The following is an extract of a letter from Robert Carter Esq. dated the 25th of June last.

"The remittances I made to Mr. Lemmon of Baltimore town last week to satisfy my order for £200 Currency payable to you is as follows viz.

11 Hhds Tobacco weighing 14415 lbs net
1/3 ton pig iron and £42 specie" the above appears to me to be a most ample provision for the discharge of the Order and I am sure there can not be the least doubt of your receiving the money when ever you make application which I hope you will do as soon as possible and doubt not, if it suits your occasions, that you will make a proper allowance. I wish it was in my power to give you any hopes of receiving the Balance other than I mentioned when at your house - to show you my dependence on Mr. Carter as well as that cautious circumspection with which he writes for fear a word might slip out
