My dear Miss, Redwood Aug.t 6th 1785

I am honored with your Letter of the 8th June which I found at George Town the first Instant. I should have done myself the pleasure of answering it immediately after the receipt of it, but thinks I, I shall be in a few days, and it is necessary that I should receive a letter from which to state my Uncle John's letter from which I perceive Mr. B. is disappointed — I perfectly recollect writing you that Mr. B. would call upon my Uncle & state his claim which he promised but at same time intended to call claim half the rent which accrued to Pendre Land with Interest. Mr. P. Lee's opinion that my Uncle requested papers mentioned the claim. I had received papers the disposition of the Land was given, on my file & acknowledged judgment. Thus stand the matter. They leave no appeal for the future. Mr. B. Emile claim & a full justification of my conduct. I think my Uncle's conduct is perfect & that it is perfectly consistent with my Uncle's character. I will consider minutely & especially with great truth & that I will for sorry my [illegible] to which the rent is due is in extreme at this time. I shall from entirely be least disposed or wish to my [illegible] event attention I can
