Occasion for it. Your offer of transferring the bargain you have made with Mr Baker to me is generous, but as I am content with that which exists between you & me, I am not inclined to alter, and the less so, as I place dependance on your exertions in favour of punctuality. Payments made to Colo Tilghman on my account will answer as well as if made to myself. With great regard I remain Dr Sir

Your most obedient
& humble Servant
Robt Morris
