But it is from memory not having the acct. before me. Inclose also what you say of the Coll.ⁿ of Mr Diggs - I am now shipping some Goods to his order which did not get to hand till late in the Fall this business done & his Sales made out I shall bring the acct. to a period and will transmit with you a Copy with a separate acct. of the Entries subsequent to the 1st of August. Stately forwarded letters from Mary who is well and doing well I've forward your letter to him. I am in a bad state of health not so bad as the first winter I was in England but worse than the second. I have too much on my hands and still more on my mind to expect to repair it till Spring when I hope to have it in my power to relax a little from business for a few days which I am told would make a young man of me. - I am afraid that the two Mr Booths are lost no doubt poms to remain of the Piece in which I am told they were having perished the Cargo was coming as remittance to me and adds one to the list of disappointments & procrastinating circumstances which have happened to me However all will be well. That you and Young may always be well & happy is the earnest prayer of my dear friend

Your truly affec. & obed. Ser.
