Sir

Baltimore 30th Aug.t 1786

(28)

Among other Papers belonging to Robt. Morris Esq.r of Philad.a which have fallen into our hands in consequence of the death of the late Mr. Tench Tilghman, is a Bond of yours for upwards of £4000 – Curr.y the greater part of which, we observe has been now due for some time. Mr. Morris, whose calls for money in this place, are of a very pressing Nature, having frequently urged us to make all the collections we possibly can, from his Affairs under our care, we take the liberty of making application to you, to know whether you can make it convenient to discharge a part of the above Bond. Any payment on account of it, would at this juncture be peculiarly acceptable to Mr. Morris. —
