Sir

I have the honor to inclose you a Letter from Mr. Robert Morris which I have just received under Cover — for wch oblige me by acknowledging the Receipt of it —

A long from Mt Jnce from Home, to wheu only returned the Evening before last, puts it out of my power to give you any Thing material in the News-way — By the last Accounts from Annapolis they had not been able to make up a Senate —

When in New York I was informed the Business in Massachusets was much more serious than represented in the Papers — the Friends to Order & good Government seem'd much alarmed.

I beg my Respects to your Lady & have the Honor to be Sir Yr. Mo: Obed Servt
