New York 21st April 1796.—

Sir

564

Yesterday I had the pleasure to receive your Favour of the 10th Inst. from George Town;— I shall be perfectly satisfied in your Compliance with your proposal of being here by the 1st of October next, to Settle, and Adjust, all matters between us. every thing shall be ready on my Part, & I have no doubt but it will be the Same on Yours;— I am consoled in not being obliged to take so long a Journey as that to Baltimore, & Back; for at my Time of Day, absolute necessity alone could provoke me to it. I request while you remain, you will make Rose Hill Your Residence, and it will be the more agreable to Mrs. Gates, if Mrs. Lee accompanys you; with much Regards. I am Sir

Your very Obed. Servant

Horatio Gates.

P.S.

Please to Present our best Respects to Mrs. Lee
