...al. old Mrs Ringgold returned last week, and told us that Mrs Ringgold would be in Town on Saturday, but she had not come yesterday. I suppose Mrs Chester is now in George Town on her way up. I hope you'll write by them. Mama calls me to dress & Papa wants to write you a few lines. gives my love to all my friends. Polly joins with me in love to you, and says that Ben wants very much to see his uncle. We have seen nothing of Archy

Mr Ringgold Sept. 20. 1802.

Dr William — Of the 75 dollars paid by Mr Rich you may pay to yourself the 50 you lent me & the remaining 28 you may send me by the first safe private hand. Mr Ring Mrs Waring should not be so much distressed for money on my account. I do not know what to say to Mr Ringgold's park business as he is not to be in town in a few days. I expect Mr William immediately. Some one must do something in it. When he gets to hand Charles should immediately begin reaping Wheat. he must work first 2 or 3 days & then one hand Plaister to a bushel of Wheat as last year. tell Polly to be very careful in sowing & allow for the swelling of the grain & the plaister to meet

If Mr Rich chooses to take the Hous for a longer time I will allow it to be painted inside & out provided you may let him have it that is provided you can sell it for one thousand pounds is the price 30 feet front, that the ground the House stands on & 150 feet adjoining on the East & on the South 120 feet or rather Mr Chandler laid it off with a depth of 100 feet — unless old Bernard should begin on the 15th of Oct. to have it if he is not allowed to be in sooner —

Yrs affectionately

Ch. Lee
