Mr Ringgold Sept 20th 1802.

Dr William — Of the 75 dollars paid by Mr Peck you may pay to yourself the 50 you lent me & the remaining 28 you may send me by the first safe private hand. Mr Perry Wed Warring should not be so much distressed for money on my account & am not to advise of the expense in sending it — I do not know what to say to Mr Ringgold's bank business as he intends to hand in a few days as I expect Mr William's death. Shows me Do something in it — when this gets to hand Charles should immediately begin seeding Wheat — he must soak it first 12 or 18 hours & then one peck of Plaister to a bushel of Wheat as last year. Let Polly & Henry carefully examine & clear for the sowing of the grain & the plaister on it — I Mr Peck Rogers

to take the House for a longer time 3 or 6 months on the same terms I will allow it to be painted inside & outside you may then have it that is provided you can't sell it — £1000 — one thousand pounds is the price — 30 feet front, that the ground the House stands on & the lot adjoining on the West, & in the depth 120 feet — or rather Mr Chandler laid it off 100 feet — unless Bernard should begin on the 15th of Oct. to paint it then I will not allow the extra 100
