suspended. I cannot however agree to suspend the suit so as to suffer it to abate altogether but I am willing if in your opinion it can be done without effecting the continuance of the suit, in case the money be not yet paid. the adoptany made you may see proper and correct in the case - I have presumed that by agreeing to suspend the case for a return for the attachment during this term if it ~~it~~ can be so done without removing the case from the Docket with in the next likely mode to effect this business - and I therefore wish hereby authorise you to suspend it in such manner as you may deem most correct - provided it does not oblige me in case I do not receive the money he has promised, ~~me~~ to pay the Costs of the suit to continue the suit the proceedure

- To be distinctly understood I am willing that the attachment shall not be called during this term - by doing so it does not destroy my power of calling & proceeding under it in the succeeding term - without a resort to a new proceedure.

I am respectfully
your obt
Nicholas Young
